THIS UNUSUAL OPPORTUNITY

Good Until December 24th

Only Home-Owners Can Take Advantage Of It

The man who owns his home, and desires to make it as attractive and cozy as he can, will be much interested to know that for the next two weeks, he can

Buy a Holland Furnace and Not Pay One Cent until March 1, 1921

Furthermore, by paying in full on March 1st, a five per cent discount will be allowed. Or, if you choose, you can buy on the time-payment plan—first payment to be made March First. In case the time-payment plan is chosen, you will have the privilege of taking the cash discount if you find it convenient to pay in full March First.

Last, but not least, the prices of Holland Furnaces are guaranteed against decline. Should prices go down before November 1st, 1921, we agree to refund the amount of such decline to every purchaser who buys in the meantime, and to make refund on November 10th, 1921.

Now, under the circumstances, can you afford to be without a Holland Furnace this winter? Is there anything more appropriate to give the family for Christmas than a Cozier home?

This offer is made for just one reason. People have grown into the habit of believing that there were certain seasons for buying furnaces, when in reality one season is just as good as another. The next two weeks have represented in the past what is called a "dull furnace season."

Now the public will have to be shown but once. It is not likely that this chance will ever occur again. Will you be one of the people to benefit by the demonstration of our point? Call us up and get further information.
